Daniel Craig returns in Glass Onion: A Knives Out Mystery to peel back the layers in a new Benoit Blanc whodunit, in this sequel to 2019's Oscar nominated Knives Out.

This fresh adventure finds the intrepid detective at a lavish private estate on a Greek island, but how and why he comes to be there is only the first of many puzzles. Blanc soon meets a distinctly disparate group of friends gathering at the invitation of billionaire Miles Bron for their yearly reunion.

Among those on the guest list are Miles' former business partner Andi Brand, current Connecticut governor Claire Debella, cutting-edge scientist Lionel Toussaint, fashion designer and former model Birdie Jay and her conscientious assistant Peg, and influencer Duke Cody and his sidekick girlfriend Whiskey.

As in all the best murder mysteries, each character harbours their own secrets, lies, and motivations. When someone turns up dead, everyone is a suspect.

Returning to the franchise he began, Academy Award-nominated filmmaker Rian Johnson (The Last Jedi) writes and directs Glass Onion: A Knives Out Mystery and assembles another all-star cast that includes Edward Norton, Kate Hudson and Dave Bautista, alongside everyone's favourite Bond, Daniel Craig.
